

Society for the Advancement of Material and Process Engineering

*The leading global association for advanced materials and processes
to make our world light and sustainable*

Sponsor Packet, 22.10.23

28. National SAMPE Symposium
Virtual goes real – efficient process chains

SAVE THE DATE
09.-10.04.2024 | Karlsruhe
Karlsruhe Institute of Technology (KIT)

Local Organizers:
International Research Training Group GRK 2078
"Integrated engineering of continuous-discontinuous long fiber
reinforced polymer structures" GRK 2078
Speaker: Thomas Böhlke, Co-Speaker: Frank Henning
Institute of Vehicle System Technology – Lightweight Engineering
Institute of Engineering Mechanics – Continuum Mechanics

New – In view of the international scope of the event, the Symposium
will be held in English
SAMPE Deutschland e.V. – find more information on www.sampe.de

Karlsruhe

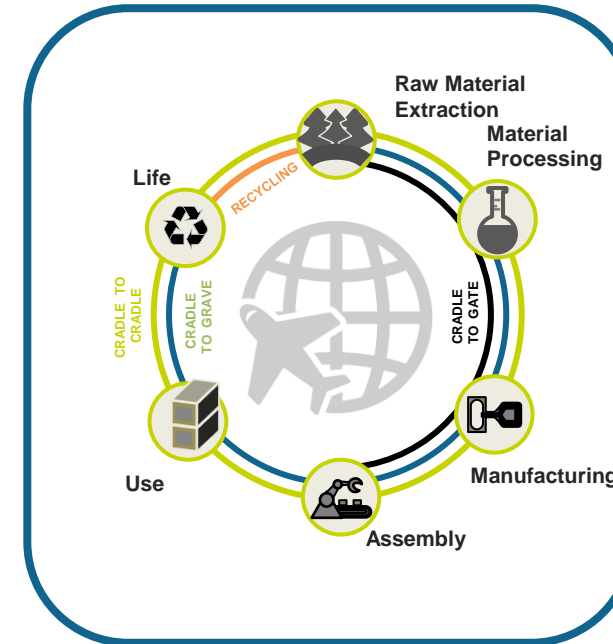

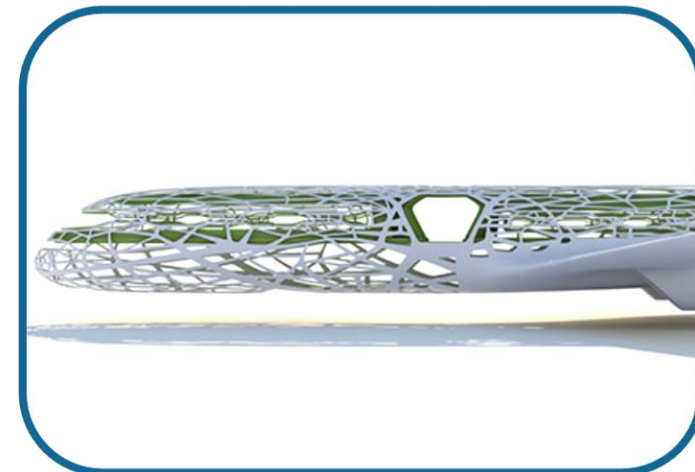

Why SAMPE?

Materials and process technology as key for a light and sustainable world

Lightweight design is pivotal for every kind of mobility - in space, in air, on road in water.

With composite technology one can copy nature for a **bionic design**

Composites enable a load path design for material **resource efficiency**

Only with carbon composites light H₂ tanks are possible for a meaningful **energy transition**

Advanced composite materials and processes enable **circularity**

Composite process technology is **energy efficient**

SAMPE Global

Vision Mission Values

Mission

Advance the materials and process engineering community and field through a global forum that provides education, technical resources and professional fellowship.

Vision

SAMPE is pivotal to every new innovation and process solution in the area of composite technology.

Values

- Knowledge transfer
- Creativity and innovation
- Professional engagement and inclusion
- Absolute integrity

Values of SAMPE

COMPETENCE

Global outstanding skills and know how in advanced fibre composite materials and processes

NETWORK

International SAMPE network with engineers, scientist and specialists. 5.000 active members from 40 countries.

SUPPORTING YOUNG PROFESSIONALS

International contests, thesis market and more

INNOVATION and CREATIVITY

High-end technology
International student awards

TRANSFER OF KNOWLEDGE

Between Industry and academia
Global, Regional and National SAMPE Conferences and Exhibitions

SAMPE Global

SAMPE Germany embedded in an international network

5000 MEMBERS

Advanced materials and process engineering community - academia to the shop floor. Intern to advanced professional.

40 COUNTRIES

A global professional society

7 MAJOR REGIONS

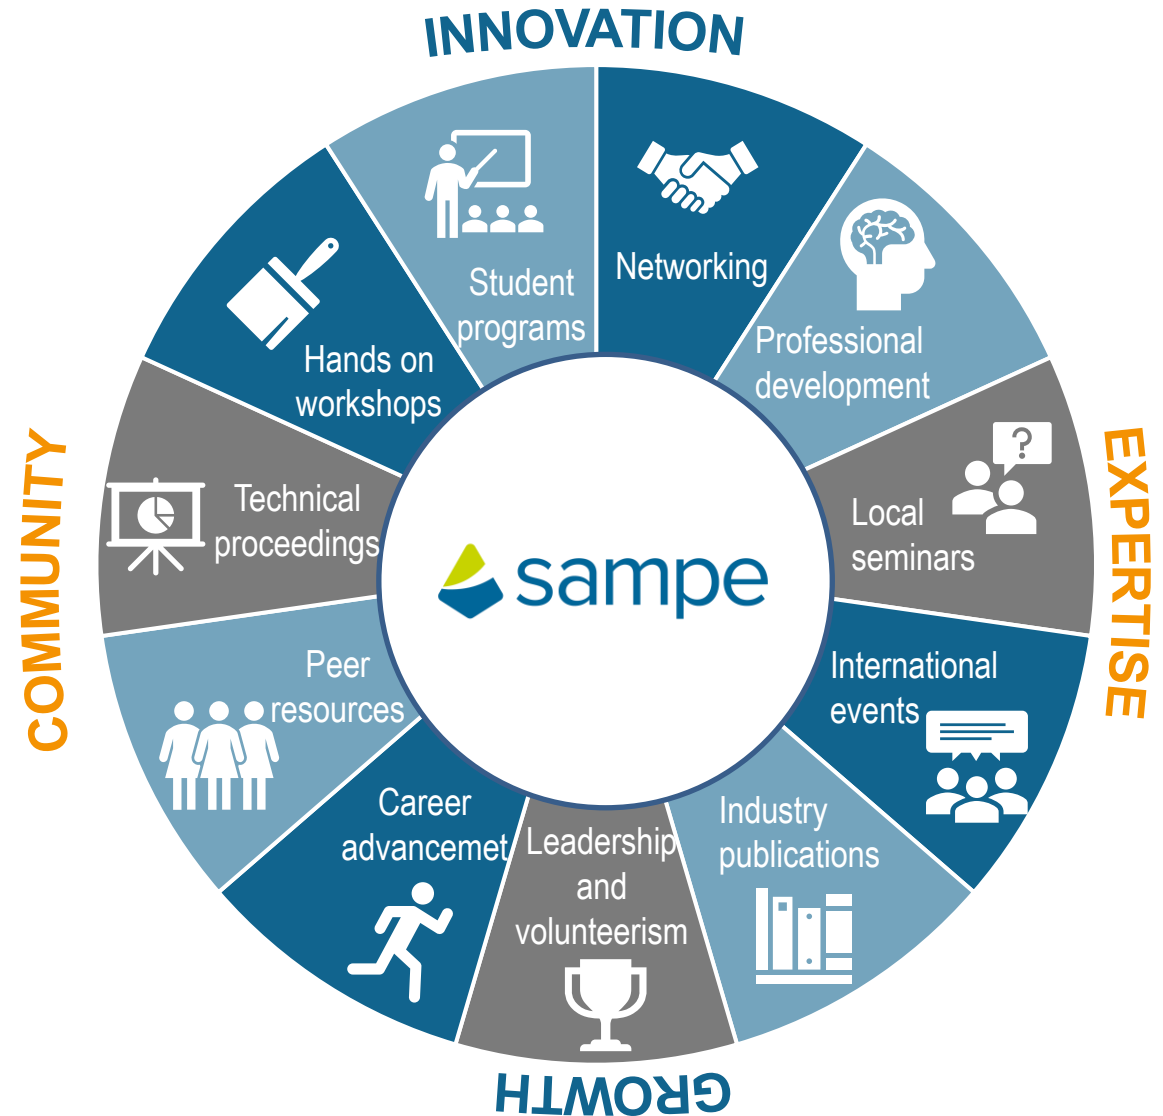

North American Headquarters, China, Europe, Japan, Mexico, South Korea and Brazil

*The Society for the Advancement of Materials and Process Engineering (SAMPE) is dedicated to **enabling growth and innovation** in the aerospace, transportation, construction, marine and industrial application industries*

SAMPE Global Member Experience

SAMPE provides a collaborative technical forum for students, professionals, and academicians - tailored to meet their needs at every stage of their professional lives.

SAMPE Germany

13 ‚Lokalkoordinatoren‘ – each in major regions

DLR

INSTITUT FÜR KUNSTSTOFF VERARBEITUNG

Leibniz-Institut für Verbundwerkstoffe

Fraunhofer ICT

IFB
Institut für Flugzeugbau
Institute of Aircraft Design

TUHH
Technische Universität Hamburg

BAM
Bundesanstalt für Materialforschung und -prüfung

TU Clausthal

UNIKASSEL
VERSITÄT

TECHNISCHE UNIVERSITÄT DRESDEN

OLYMER
ENGINEERING

KT

LCC
Lehrstuhl für Carbon Composites

- 200 attendees expected.
- International attraction as English as conference language.
- Exposition area in coffee break and lunch space

German SAMPE Symposium 2024 in Karlsruhe

Sponsor package for Event sponsor: EURO 3.000

Database

- Direct SAMPE German and Europe ± 3000 top level engineers & companies mainly in Aerospace & Automotive
- Indirect SAMPE Global 24000

PR

- Sponsorship announcement in Press release

Presence in the print media

- Logo final program
- Presence in the online media
- Logo as Event Sponsor on Conference page website
- Logo Conference List + profile
- E-mail Newsletter logo • Link to own website

Onsite

- Logo on info panels & banners
- Brochure or gadgets in the GOODIE BAG
- Presentation in one of the sessions or tutorials
- **Space for 2 rollups and one high table** for company presentation
- VIP-Table at the Network dinner

Additional services

- **4 Free Tickets** Conference 2024 Karlsruhe
- Extra Conference Tickets 500 € / pp

4 Tickets incl.

Space for 2
Rollups incl.

German SAMPE Symposium 2024 in Karlsruhe

Sponsor package for Table top sponsor: EURO 1.500

Database

- Direct SAMPE German and Europe ± 3000 top level engineers & companies mainly in Aerospace & Automotive
- Indirect SAMPE Global 24000

PR

- Sponsorship announcement in Press release
